## GETTING STARTED

Start at www.mitalent.org by clicking "Create Account" button at the top right corner of the home screen.

October is National Disability Employment Awareness Month!

Did you know there are about 41 million Americans with a disability? If you're one of them, you can qualify for accommodations for work or school - and Michigan Rehabilitation Services can help! Michigan Rehabilitation Services even helps employers fill their job openings with qualified individuals with disabilities. Learn how at Michigan.gov/MRS.

## Create An Account

Select "Employer" from the Create Account box.

## Create Account

Which type of account would you like to create?

I am a/an :

```

## Employer Before You Get Started

Required information you will need to create an account:

- Federal Employer Identification Number (EIN)
- Contact Information
- Organization Description
- Number of Employees
- Valid Email Address (should include company domain if available)

## Privacy/Terms of Use

Read the Privacy and Terms of Use Statement for Employers. Including Safeguards, Employer Responsibilities, Modifications and Contact information. At the end, please select the checkbox for Privacy and Terms of Use Statement to authorize your consent and click "Next".

## Consent

By clicking on the box below, you agree with the terms of this Statement. Whenever you submit information, you consent to the collection, use, and disclosure of that information in accordance with this Statement.

* I agree with the terms of the Privacy and Terms of Use Statement.

## Federal Employer Identification Number (EIN)

Enter your 9-digit EIN. This number will be used to verify that your organization meets the criteria for using the system as indicated in the Terms of Use. Click "Next".

\section*{| CREATE AN ACCOUNT |  |
| :--- | :--- | :--- | :--- | :--- | :--- | :--- |}

Michigan Department of Labor and Economic Opportunity staff will match your EIN information with Michigan Unemployment Insurance Agency records for validation.

If your EIN cannot be verified, you will be requested to provide proof of your company's EIN. Acceptable forms of documentation as proof of your company's FEIN are:

- SS-4 IRS Confirmation Letter (Excluding W9-form and any additional documents that would accompany your application to the IRS). If you need a replacement copy of your FEIN, contact the IRS at 1-800-829-4933.
- DBA papers and SS-4
- Correspondence from the IRS or the Department of Treasury
- Sales Tax License
- Tax Withholding - W2 Verification (omit/remove financial and sensitive information)

## Employer Profile

On the following page is an example of the Employer Profile page. Enter your organization's demographic information such as your company's name, address, number of employees, website and a description of the organization. Select your business category from the dropdown menu. Select all that apply regarding military or federal information and click "Next".

## User Profile

Enter your full name, phone number, email address (which will become your User ID) and a password. Passwords must be eight (8) characters long, with one upper case letter, one lower case letter and one number.

## Account Created

A message will appear to indicate the account has been created. This message will also include links to Yahoo, Google and Outlook to finish the activation process by checking your inbox for the activation email.

## ACCOUNT CREATED

> You must now activate your account to complete the process. An email has been sent to you at pmtctest12@gmail.com with instructions on how to activate your account. The activation email will be from webnoreply@michigan.gov. If you do not find it in your email inbox, be sure to check your spam/junk folder. If you do not receive an email, please contact our Customer Contact Center at 1$888-522-0103$.
> Below are quick links to common service providers to access your email account:
> $\underline{\text { Yahoo }}$
> $\underline{\text { Gmail }}$
> $\underline{\text { Outlook (Previously Hotmail) }}$

## Activate Your Account

The activation email from webnoreply@michigan.gov will be sent to the email address on the account. Click the URL in the email to activate account. If you have not received the activation email, be sure to check your spam or junk email folder.

Once activated, you can update your account information. You will not be able to post jobs or search for candidates until your account is validated. This process may take up to three (3) business days.

NOTE: If you fail to log in to your account at least one time after validation, your account will deactivate after 60 days.

## Sign In

Go to www.mitalent.org and click "Sign In" in the upper right corner.

Enter your email address and click "Next". Then, enter your password and click the "Submit" button. This will bring you to the Employer Dashboard.

## EMPLOYER DASHBOARD

The Employer Dashboard allows you to manage job postings and candidate searches.

## Manage Job Postings

Employers can view active jobs, view inactive jobs, view draft jobs, export files to excel or PDF, view inactive jobs by EIN (in inactive tab only) and manage job posting feedback.

## Active Jobs

The active jobs tab allows you to deactivate job postings, repost jobs and print job postings. Select the job and choose an action from the drop-down menu. Multiple jobs can be selected at a given time.

The Job Code Number on the Active tab is a hyperlink on the Dashboard to access the Job Details.

Selecting the Job Code Number hyperlink directs you to the Job Details page. This page contains information about a job posting such as the Job Code Number, Job Description, Position Details and How to Apply.

The Job Title on the Active tab is a hyperlink to the Dashboard to access the Job Details.

Selecting the Job Title hyperlink directs you to the Job Details page. This page allows you to Copy Position, Deactivate, Edit Job Posting, Repost or Reset Views and Clicks.

## Copy Position Instructions

Copying a position will create a new job code number, auto-populate the fields for a new job posting and allow you to edit before posting. Use this function if you need to create several similar, but separate positions. An example would be having the same position open in multiple locations.

1. Select Copy Position from the dropdown menu <Select an Action> at the top of the screen.
2. Click "Submit" and make the desired changes. This will create a new job code number and will go into the 24-hour job hold for Veterans' preference.
3. Click "Save".

When the Registered Apprenticeship Job Level is selected, PMTC will require the apprenticeship identifier number or Sponsor Program Number. If you are unable to locate this number, email LEO-Talentconnect@michigan.gov for assistance. If you do not have an apprenticeship identifier number, another job level will need to be selected.

## Deactivate Instructions

1. Select Deactivate from the dropdown menu <Select an Action> at the top of the screen.
2. Click "Submit." Deactivation triggers a request for feedback on your job posting.
3. Enter the number of positions filled and the number of qualified candidates for this job.
4. Click "Save".

## Edit Job Posting Instructions

1. Select Edit Job Posting from the dropdown menu <Select an Action> at the top of the screen.
2. Click "Submit".
3. Make desired changes.
4. Click "Save".

## Repost Posting Instructions

Reposting a position will retain the job code number. Use this function if you need to extend the expiration date or reactivate an expired position.

1. Select Repost from the dropdown menu <Select an Action> at the top of the screen.
2. Click "Submit".
3. Enter a new expiration date.
4. Click "Save".

Note: If you are reposting a job that did not previously include wage information, you will be prompted to edit the job posting to include the pay type and pay range.

When the Registered Apprenticeship Job Level is selected, PMTC will require the apprenticeship identifier number or Sponsor Program Number. If you are unable to locate this number, email LEO-Talentconnect@michigan.gov for assistance. If you do not have an apprenticeship identifier number, another job level will need to be selected.

## Reset View Instructions

Clicking on "Reset Views" will only reset the number of views - it will not affect "clicks" (the number of times job seekers have clicked on the "How to Apply" button) or "Saves" (the number of times the job posting has been saved to a job seeker's workspace).

1. Select Reset Views from the dropdown menu <Select an Action> at the top of the screen.
2. Click "Submit".

## Inactive Jobs

The Inactive Job tab allows you to repost a job posting or print job postings．Select the job and choose an action from the drop－down menu．Actions include Repost and Print Job Postings．Multiple jobs can be selected at a given time．

## Step 1-Post A Job

## Employer

Please choose the Employer Name from the dropdown menu. After typing two letters you will see a dropdown menu appear; you can continue to type the employer's full name until you identify the correct employer. Please do not alter the field - it is not displayed in the job posting.

## Organization Name

The Organization Name is displayed in the Job Posting and should be typed in. This can be used if a parent company has different location names. For example, if the job is for the east side store, the Organization Name can be listed as "Meijer - East Side". The employer is still Meijer, but the job seeker will know which location has the posting.

Select the checkbox for "Give job seekers the ability to view your organization's full profile" to connect the job posting to Employer Profile.

## Required Fields

Enter the city and the zip code where the job is located. Enter the job title and the number of positions you have open. Type or cut and paste the final draft of the job description into the Job Description field.

To save time, cut and paste the final draft of the job description and then use the text editor to finalize formatting. There is an option to spell check the job posting as well as save it as a draft.

## Step 2-Post A Job

Select Minimum Education Level Required, Job Level and Pay Type. Select Foreign Labor Certification, if applicable.

Pay type can be entered as Hourly or Salary. Once the pay type is chosen, you will be prompted to select a pay range. Lastly, choose whether the pay type and pay range will be displayed in your job posting.

When the Registered Apprenticeship Job Level is selected, PMTC will require the apprenticeship identifier number or Sponsor Program Number. If you are unable to locate this number, email LEO-Talentconnect@michigan.gov for assistance. If you do not have an apprenticeship identifier number, another job level will need to be selected.

You can search Standard Occupations and Military Occupations by clicking hyperlinks for O*NET Codes or Military Crosswalk, respectively.

Enter O*NET code or keyword text in the search box (a results list will be available for you to pick from after typing two numbers or letters). Select an occupation from results list. To delete an occupation, click on the " $X$ " next to the occupation to remove it. To see the full list of O*NET online occupations, use the links next to the search box or visit https://www.onetonline.org/.

## Step 3-Post A Job

Enter any additional instructions for the job seeker on how to apply for this position. This may include having the candidate submit a cover letter or a writing sample.

## How to Apply

Enter any specific application instructions and indicate all requirements for application in the "How to Apply" section, including the method for applying (via email, phone, fax, web site, etc.) and any necessary documents.

Information provided under How to Apply Instructions will not be visible to job seekers until they click "How to Apply" on the posting. These actions are being tracked by the system so you can view how many job seekers viewed this information. This is considered a "click" on the tracking tool.

Select the checkbox to "Allow job seekers to also respond through the system" to give potential candidates the option of submitting resumes via an email sent from Pure Michigan Talent Connect. Only job seekers who have active accounts and are logged into the system will have access to this functionality. If you elect to allow job seekers to respond to your job posting via PMTC, emails will be sent from webnoreply@michigan.gov with the PMTC job code number and job title in the subject line.

## Posting Period

Use the calendar to select the date the job posting will expire. Job postings can be posted for a minimum of 2 days and a maximum of 30 days. Job postings will display on the dashboard and will be placed into the 24 hour job hold for Veterans' preference. After 24 hours, the job posting will be released for public view.

The default expiration date is 30 days from today's date. This is the maximum length of time a posting can be displayed. You will be notified via email prior to the expiration date and will have the opportunity to repost to an extended date.

Keyword searches may be used for O*NET Online Occupation, Top Skills and Certificates/Licenses/Credentials. The information you select corresponds to the information provided by job seekers in their profile.

You can search Standard Occupations and Military Occupations by clicking hyperlinks for O*NET Codes or Military Crosswalk, respectively.

Enter O*NET code or keyword text in the search box (a results list will be available for you to pick from after typing two numbers or letters). Select an occupation from results list. You may have up to five (5) O*NET codes. To delete an occupation, click on the " $X$ " next to the occupation to remove it. To see the full list of O*NET online occupations, use the links next to the search box or visit https://www.onetonline.org/.

Select checkbox for "Search only for veterans" to find only job seekers who have indicated they are veterans.

Location preference indicates where the candidates would prefer to work, while radius searches within a specified radius of the candidates' location.

Select if there is Minimum Education Level Required, Available Part-Time and Job Level. There is also an option to exclude candidates who do not have a resume or candidates who have previously been emailed.

## SUBMIT

Enter at least one search criteria and click "Submit". The more criteria you select, the narrower your results will be.

## Candidate Search Results

This will generate a list of candidates that meets the search criteria. The search criteria you indicated in the Keyword Search boxes will be highlighted in yellow.

A candidate's status indicates whether that person is actively seeking employment. A candidate may display one of these three statuses: Actively Searching, Open to Opportunities or Career Explorer.

Narrow your search with the Refine Search sidebar, then click "Apply Changes". To start your search again, click "New Search". If a Veteran has chosen to allow you to see their Veteran status, a flag icon will appear next to their name.

The 'eye' icon will appear next to the candidate's name if you have previously viewed their resume. Additionally, the red check mark next to the envelope indicates you have previously contacted the candidate via system-generated email.

## Sending Email to a Candidate

Send standard emails to multiple candidates to refine large search results and to recruit candidates by notifying them of a position opening and requesting interested job seekers apply. Since the candidates will not be able to reply directly to this email, be sure to include information on how they can contact you or learn more about the position.

While a template email is provided, emails (sent from webnoreply@michigan.gov) should be customized prior to sending. The Download Resume feature is only available if the candidate has attached their resume.

Choose the options that you want, then select the resumes that you want to email and click on Send Email.

Hello,

After viewing your profile on Pure Michigan Talent Connect, I feel you may be a good candidate for a position within our company. I encourage you to read more about the position details below.

Job Title: Laborer

## Instructions to Send Email to a Candidate

1. Select the candidate(s) to send an email message to by either clicking "Select All" (which will only select the candidates displayed on the current page) or by selecting each individual candidate by clicking the checkbox next to their name.
2. Click "Email" to candidate.
3. Click "CC Me" to receive a copy of the message sent to the candidate, along with a listing of all candidates selected.
4. A pop-up text box opens with a template message. To customize the message, click in the email text box and modify as desired. It is important to add the job title, location, and requirements of your job posting.
5. Click "Send Email".

## Sending Email to Me

Select one or more candidates and choose "Email to Me". The system will send an email to your PMTC email address with the candidate's resume attached. If you select multiple candidates, you will receive a separate email for each candidate. Your search criteria will be included in the email.

## Email Individual Candidate

You can also email an individual candidate directly. Once you select the envelope icon next to the desired candidate, your email application will launch. Click the envelope icon next to the candidate's name to email the candidate from your own email provider account.

## MY ACCOUNT

The My Account page has two tabs to help you manage your organization's profile and change your password. You can also review the Privacy and Terms of Use statement by clicking on "Privacy and Terms of Use".

## Manage Profile

The first tab contains information about your organization and your contact information. This information can be updated anytime you wish.

Click "Edit Profile" to unlock the fields. Update as necessary, and then click "Save".

## Change Password

Enter your current password. Then, enter a new password which must be at least eight (8) characters long with a maximum of 20. You must use at least one upper case letter, one lower case letter, and one number. You cannot use the last 10 passwords. Click "Save".

The system will require you to reset your password every 60 days.
