Job Seeker MILogin Account Setup Process

The State of Michigan has adopted a new system, MILogin, which allows you to establish one account to access services from multiple state agencies and departments.

**Step 1 – Begin the process**
Job Seekers who are new to the PMTC system start the process at [www_MI Talent.org](http://www.MiTalent.org) by clicking on the “CREATE ACCOUNT” button in the upper right corner.

On the pop-up screen, select “JOB SEEKER” as the type of account you would like to create.

On the Confirmation pop-up, click “SIGN UP” to create a new MILogin account OR click “LOGIN” to sign into an existing account.

- Please do not create a new MILogin account if you already have one to access the following online services: Michigan Web Account Manager (MiWAM), MDOS eServices (CARS), MDHHS MI Bridges, DNR eLicense, MDHHS myHealthButton or MiPage. Please use your existing user ID and password from those systems to log into the MILogin portal.
Step 2 – Create Your Account: Profile Information

- At the Profile Information screen, complete all required fields.
- Accept the terms and conditions by checking the box (the terms & conditions link opens in a new window).
- Click “Next.” If you make an error, click the “Reset.”
Step 3 – Create Your Account: Security Setup
At the Security Setup screen, you will create a User ID and password for your MILogin account and choose your preferred password recovery method.

Please write down your user ID and password before you proceed to the security options so that you do not forget it. You will need to provide your User ID from this point forward every time you access the system.
Email Security Option

This is to confirm that your request for online account creation has been submitted successfully and will contain your user ID. The Email field will be pre-populated with the email address provided in the Profile Information.

Mobile (Text/SMS) Security Option
If you chose the option of Mobile (Text/SMS) for your security option, you will receive two text messages. The first text message will contain your PIN number, the second text message is to confirm your account creation was successful. The Mobile (Text/SMS) field will be pre-populated if you provided a mobile number in the Profile Information.
Verify Personal Identification Number (PIN)
The Verify Personal Identification Number (PIN) pop-up window will appear if you chose Mobile (Text/SMS) as your security option. Enter the PIN you receive here and click “Confirm.” If you do not receive the text message with the PIN number, you can click “Resend PIN.” To go back and choose another security option, click “Back.”
