

## Pure Michigan Talent Connect - Career Explorer User Guide

The goal of the Pure Michigan Talent Connect (PMTc) Career Explorer tool is to provide job seekers with personalized career and education data that is tailored to their individual needs. Career Explorer leverages job advertisements from PMTC (MiTalent.org) and training and education data from Michigan Training Connect (MiTC, MiTalent.org/MiTC) and Pathfinder (Pathfinder.MiTalent.org). The result is one tool with multiple sources of workforce, training and education data.

## PMTC Access

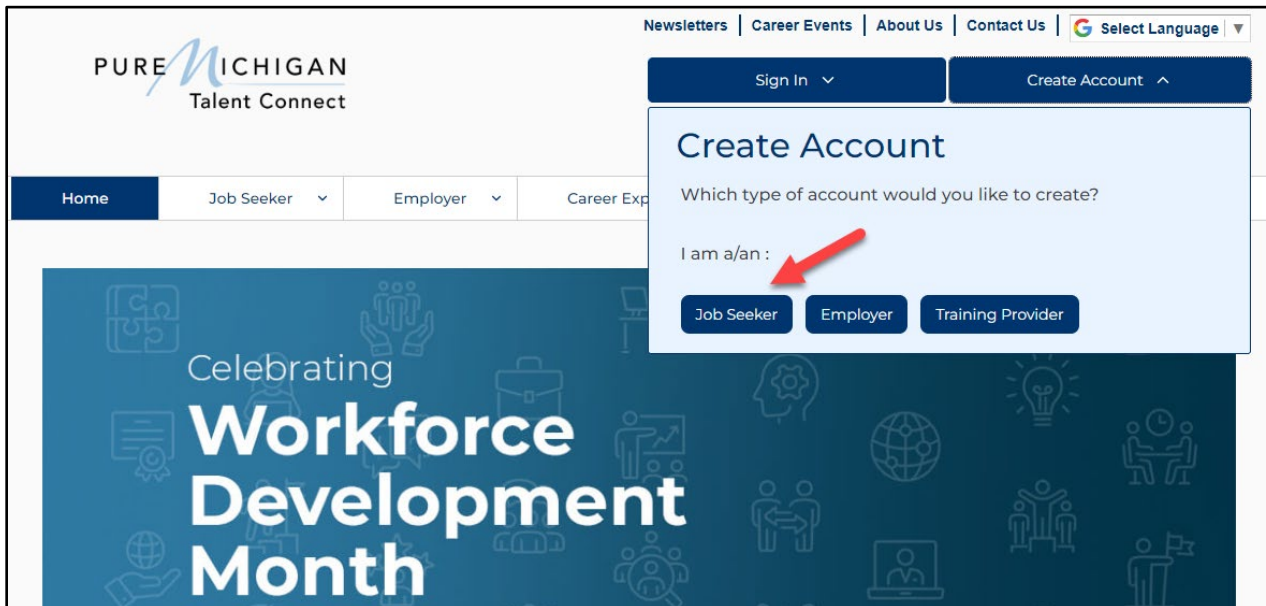

PMTC Career Explorer must be accessed by the job seeker by signing in or creating a free account with PMTC.

## Sign In or Create an Account

To access PMTC Career Explorer, job seekers must first sign in or create a free account with PMTC. These buttons are found in the upper right-hand corner of the page.

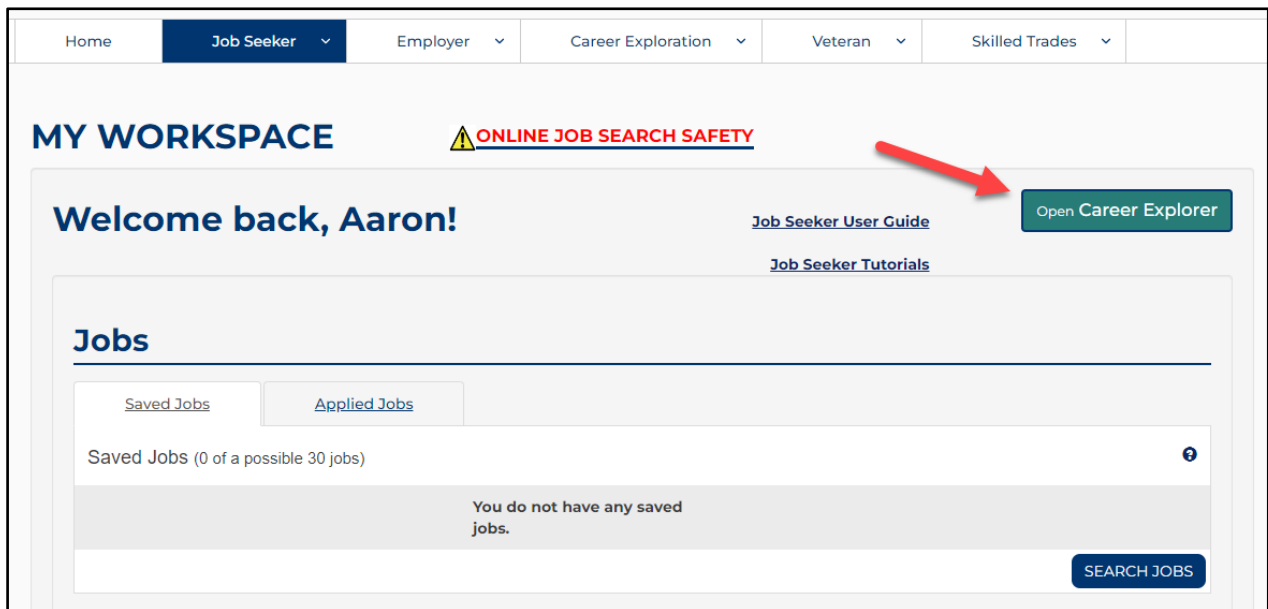

If a job seeker does not have a PMTC account, they must select “Create an Account” and choose “JOB SEEKER” from the window.

This will redirect the job seeker to MiLogin, where they will be able to enter their account information.

## Accessing Career Explorer

After a job seeker has signed in, they can access Career Explorer through the job seeker's Workspace (MY WORKSPACE), shown below. Click on the "OPEN CAREER EXPLORER" button.

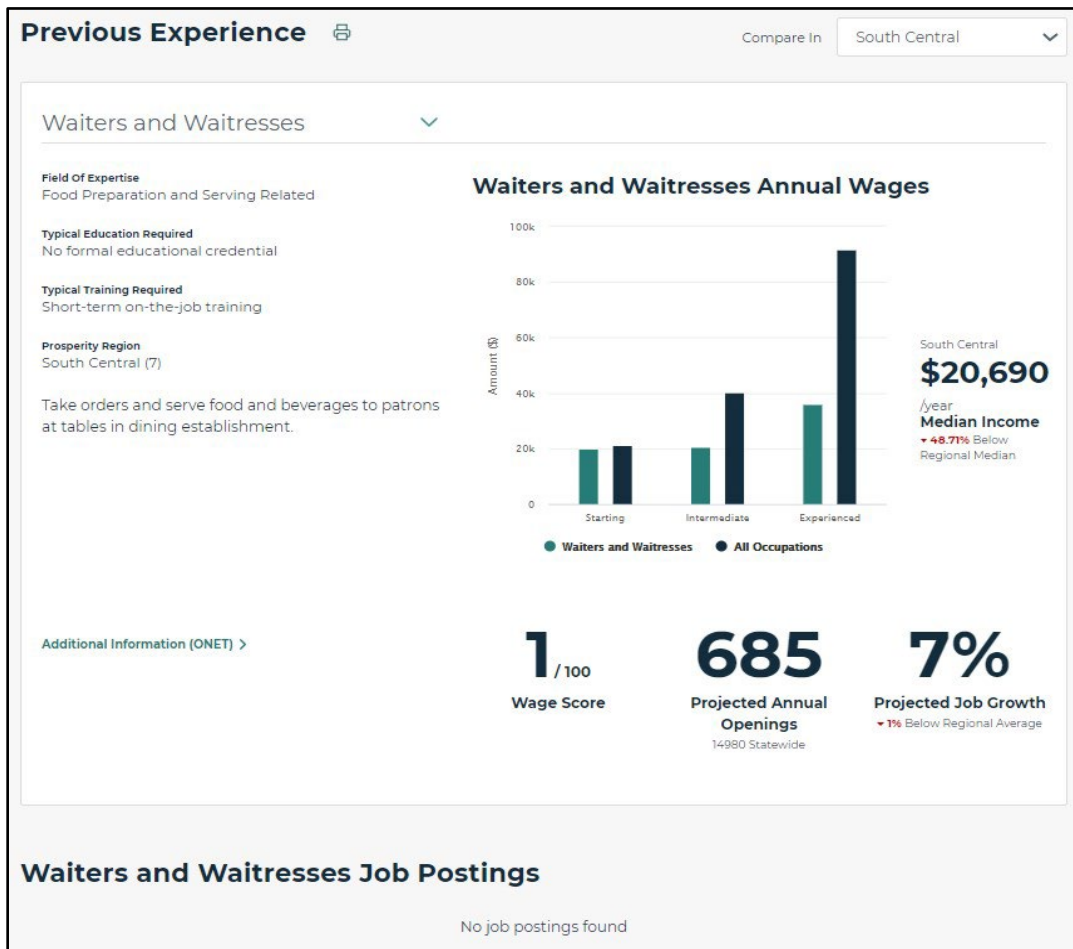

## PMTC Career Explorer Functionalities

The following features describe Reemployment and Pathways information available to customers through PMTC's Career Explorer tool. These features focus on regional labor market information, training and educational opportunities.

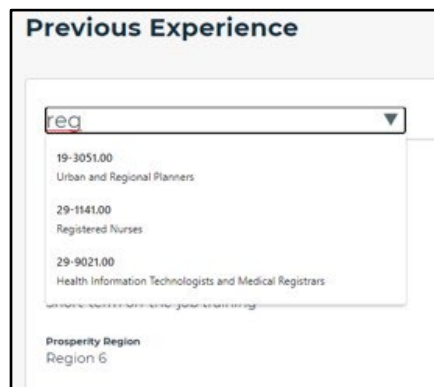

### Previous Experience

The below section shows information based on the job seeker's previous experience and the region where the jobseeker resides. These are populated directly from the participant's PMTC record, using the O\*NET code field.

If the participant has no previous experience or O\*NET code recorded in PMTC, a default occupation will be displayed. When a default occupation is displayed, a disclaimer will appear beneath the previous experience that reads: *\*No previous experience found – please use the search box above to find a relevant occupation.*

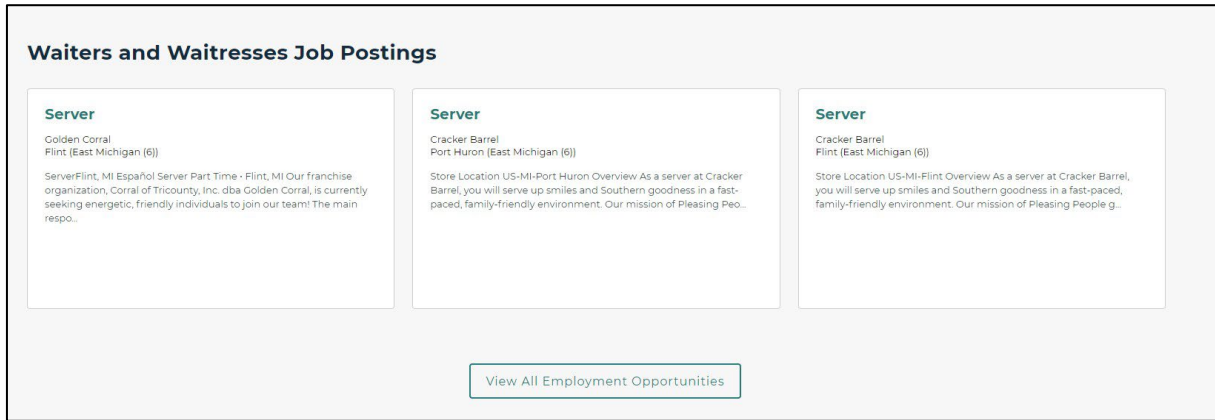

You can change the previous experience to a different occupation to see labor market information for that occupation. To find an occupation, begin typing in the occupation text box. Occupations matching the entry will be populated in a list for you to select from.

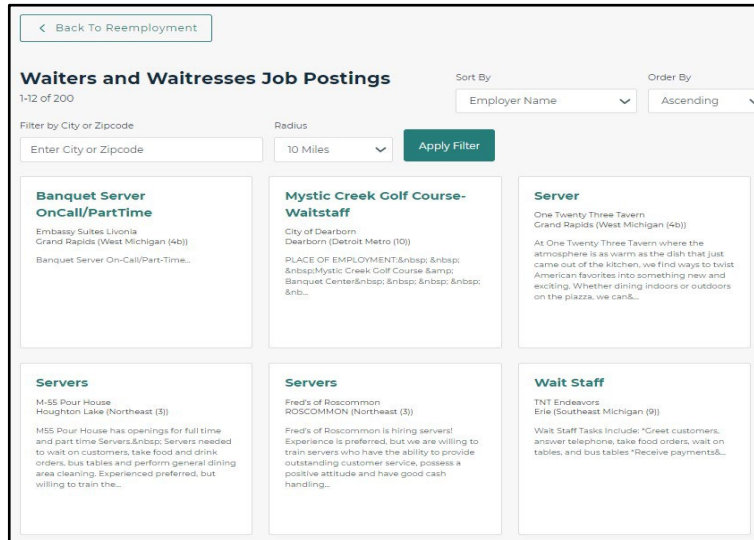

You can change the region of comparison by selecting a different region from the dropdown menu on the upper right ("Compare In").

# Job Postings

Job postings relevant to the selected occupation are populated from PMTC and displayed underneath the Previous Experience section. Postings from the participant's region are populated first. If there are no job postings in a job seeker's region, postings from the nearest surrounding regions will populate.

To view all job postings for an occupation, click on the “View All Employment Opportunities” button. On this screen, you can filter employment opportunities by city or ZIP code. You can also sort the employment opportunities by Employer Name (default), City, Region or Post Date.

To see more information about the job posting, click on the job title to view the employment card. The employment card contains information such as the job description, PMTC job number, education level, experience level and how to apply.

## Print Functionality

To print the Previous Experience and Job Postings section of the Reemployment screen, click on the print icon next to the “Previous Experience” title. A similar print option is also available for occupations searched on the Pathways tab, as well as the head-to-head occupational comparisons.

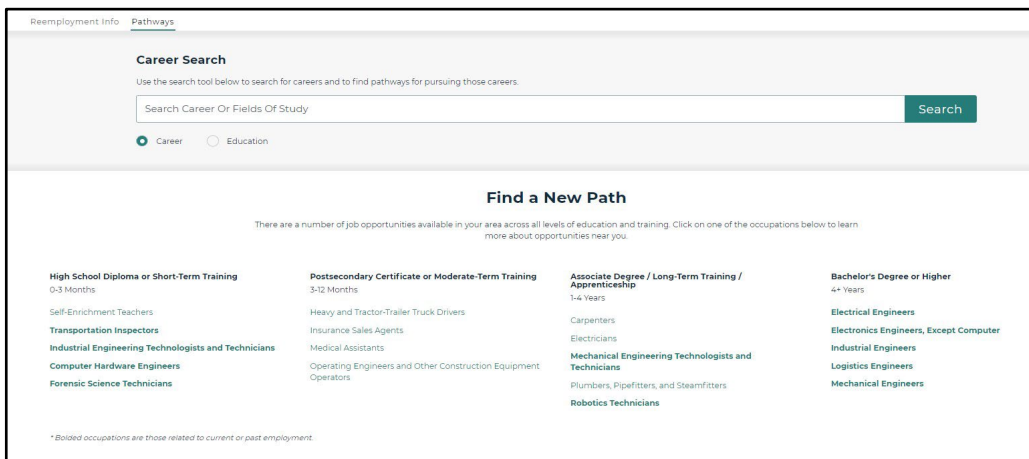

A formatted print option will appear. The page can be saved as a PDF or physically printed.

The screenshot shows the 'Previous Experience' section for the occupation 'Waiters and Waitresses' in the South Central region. The page is divided into several sections:

- Header:** 'Reemployment Info' and 'Pathways' tabs are visible. The title 'Previous Experience' is highlighted with a red box, and a print icon is located next to it. A 'Compare In' dropdown menu is set to 'South Central'.
- Occupation Details:**
  - Field Of Expertise:** Food Preparation and Serving Related
  - Typical Education Required:** No formal educational credential
  - Typical Training Required:** Short-term on-the-job training
  - Prosperity Region:** South Central (7)
  - Description:** Take orders and serve food and beverages to patrons at tables in dining establishment.
- Wages Chart:** A bar chart titled 'Waiters and Waitresses Annual Wages' shows annual wages for Starting, Intermediate, and Experienced levels. The y-axis is labeled 'Amount (\$)' and ranges from 0 to 100k. The chart compares 'Waiters and Waitresses' (teal bars) with 'All Occupations' (dark blue bars). The South Central Median Income is \$20,690/year, which is 48.71% below the regional median.
- Job Statistics:**
  - Wage Score:** 1 / 100
  - Projected Annual Openings:** 685 (14980 Statewide)
  - Projected Job Growth:** 7% (1% Below Regional Average)
- Additional Information:** A link for 'Additional Information (ONET) >' is provided.
- Footer:** 'Waiters and Waitresses Job Postings' is displayed at the bottom of the section.

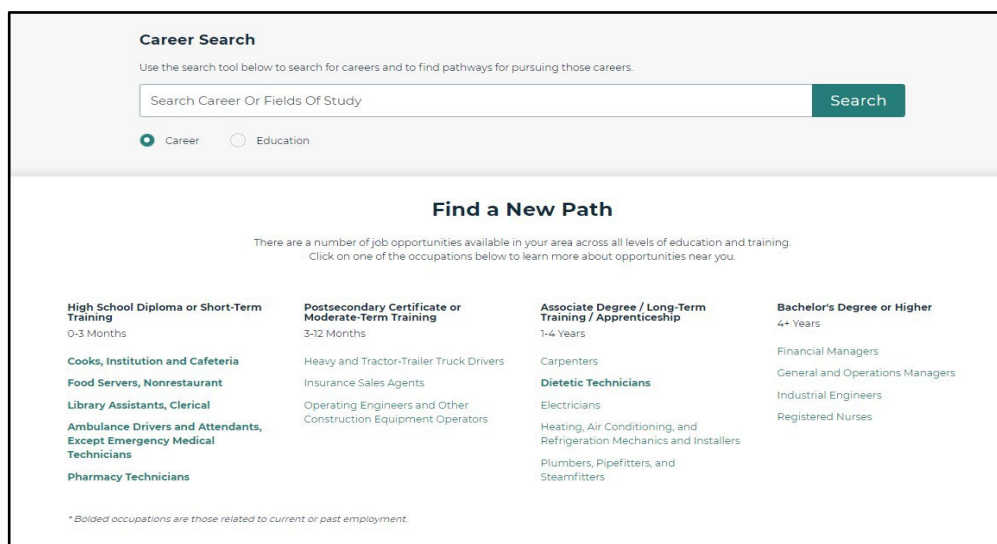

# Pathways

You can click on the Pathways tab and you will be directed to the page shown below. The Pathways page allows the job seeker to explore careers, training and education options.

## Find A New Path

At the bottom of the Pathways page, occupations are listed by Education and Training Requirements. **Bolded** occupations are occupations related to the job seeker's current or previous occupation. Non-bolded occupations are those that are high-wage, highdemand occupations within that education level in the region the job seeker resides.

You can click on any of the occupations that are listed in the "Find a New Path" section to find out more about a career.

## Career Search

You can search for Careers by selecting the “Career” option beneath the search box, entering a keyword in the text box, and clicking on the “Search” button.
