Copy Position Instructions

Copying a position will create a *new job code number*, auto-populate the fields for a new job posting and allow you to edit before posting. Use this function if you need to create several similar, but separate positions. An example would be having the same position open in multiple locations.

- 1. Select Copy Position from the dropdown menu <Select an Action> at the top of the screen.
- 2. Click "Submit" and make the desired changes. This will create a new job code number and will go into the 24-hour job hold for Veterans' preference.
- 3. Click "Save".

When the *Registered Apprenticeship* Job Level is selected, PMTC will require the apprenticeship identifier number or Sponsor Program Number. If you are unable to locate this number, email <u>LEO-Talentconnect@michigan.gov</u> for assistance. If you do not have an apprenticeship identifier number, another job level will need to be selected.

Deactivate Instructions

- 1. Select Deactivate from the dropdown menu <Select an Action> at the top of the screen.
- 2. Click "Submit." Deactivation triggers a request for feedback on your job posting.
- 3. Enter the number of positions filled and the number of qualified candidates for this job.
- 4. Click "Save".

Edit Job Posting Instructions

- 1. Select Edit Job Posting from the dropdown menu <Select an Action> at the top of the screen.
- 2. Click "Submit".
- 3. Make desired changes.
- 4. Click "Save".

Repost Posting Instructions

Reposting a position will *retain the job code number*. Use this function if you need to extend the expiration date or reactivate an expired position.

- 1. Select Repost from the dropdown menu <Select an Action> at the top of the screen.
- 2. Click "Submit".
- 3. Enter a new expiration date.
- 4. Click "Save".

Note: If you are reposting a job that did not previously include wage information, you will be prompted to edit the job posting to include the pay type and pay range.

When the **Registered Apprenticeship** Job Level is selected, PMTC will require the apprenticeship identifier number or Sponsor Program Number. If you are unable to locate this number, email <u>LEO-Talentconnect@michigan.gov</u> for assistance. If you do not have an apprenticeship identifier number, another job level will need to be selected.

Reset View Instructions

Clicking on "Reset Views" will only reset the number of views – it will not affect "clicks" (the number of times job seekers have clicked on the "How to Apply" button) or "Saves" (the number of times the job posting has been saved to a job seeker's workspace).

- 1. Select Reset Views from the dropdown menu <Select an Action> at the top of the screen.
- 2. Click "Submit".

Inactive Jobs

The Inactive Job tab allows you to repost a job posting or print job postings. Select the job and choose an action from the drop-down menu. Actions include Repost and Print Job Postings. Multiple jobs can be selected at a given time.

Step 1-Post A Job

Employer

Please choose the Employer Name from the dropdown menu. After typing two letters you will see a dropdown menu appear; you can continue to type the employer's full name until you identify the correct employer. Please do not alter the field – it is not displayed in the job posting.

Organization Name

The Organization Name is displayed in the Job Posting and should be typed in. This can be used if a parent company has different location names. For example, if the job is for the east side store, the Organization Name can be listed as "Meijer – East Side". The employer is still Meijer, but the job seeker will know which location has the posting.

Select the checkbox for "Give job seekers the ability to view your organization's full profile" to connect the job posting to Employer Profile.

Required Fields

Enter the city and the zip code where the job is located. Enter the job title and the number of positions you have open. Type or cut and paste the final draft of the job description into the Job Description field.

When the **Registered Apprenticeship** Job Level is selected, PMTC will require the apprenticeship identifier number or Sponsor Program Number. If you are unable to locate this number, email <u>LEO-Talentconnect@michigan.gov</u> for assistance. If you do not have an apprenticeship identifier number, another job level will need to be selected.

You can search Standard Occupations and Military Occupations by clicking hyperlinks for O*NET Codes or Military Crosswalk, respectively.

Enter O*NET code or keyword text in the search box (a results list will be available for you to pick from after typing two numbers or letters). Select an occupation from results list. To delete an occupation, click on the "X" next to the occupation to remove it. To see the full list of O*NET online occupations, use the links next to the search box or visit https://www.onetonline.org/.

Step 3-Post A Job

Enter any additional instructions for the job seeker on how to apply for this position. This may include having the candidate submit a cover letter or a writing sample.

How to Apply

Enter any specific application instructions and indicate all requirements for application in the "How to Apply" section, including the method for applying (via email, phone, fax, web site, etc.) and any necessary documents.

Information provided under How to Apply Instructions will not be visible to job seekers until they click "How to Apply" on the posting. These actions are being tracked by the system so you can view how many job seekers viewed this information. This is considered a "click" on the tracking tool.

Select the checkbox to "Allow job seekers to also respond through the system" to give potential candidates the option of submitting resumes via an email sent from Pure Michigan Talent Connect. Only job seekers who have active accounts and are logged into the system will have access to this functionality. If you elect to allow job seekers to respond to your job posting via PMTC, emails will be sent from **webnoreply@michigan.gov** with the PMTC job code number and job title in the subject line.

Posting Period

Use the calendar to select the date the job posting will expire. Job postings can be posted for a minimum of 2 days and a maximum of 30 days. Job postings will display on the dashboard and will be placed into the 24hour job hold for Veterans' preference. After 24 hours, the job posting will be released for public view.

The default expiration date is 30 days from today's date. This is the maximum length of time a posting can be displayed. You will be notified via email prior to the expiration date and will have the opportunity to repost to an extended date.

Sending Email to a Candidate

Send standard emails to multiple candidates to refine large search results and to recruit candidates by notifying them of a position opening and requesting interested job seekers apply. Since the candidates will not be able to reply directly to this email, be sure to include information on how they can contact you or learn more about the position. You may email up to 100 job candidates per day.

While a template email is provided, emails (sent from **webnoreply@michigan.gov**) should be customized prior to sending. The Download Resume feature is only available if the candidate has attached their resume.

Choose the options that you want, then select the resumes that you want to email and click on Send Email.

- 2. Click "Email" to candidate.
- 3. Click "CC Me" to receive a copy of the message sent to the candidate, along with a listing of all candidates selected.
- 4. A pop-up text box opens with a template message. To customize the message, click in the email text box and modify as desired. It is important to add the job title, location, and requirements of your job posting.
- 5. Click "Send Email".

Sending Email to Me

Select one or more candidates and choose "Email to Me". The system will send an email to your PMTC email address with the candidate's resume attached. If you select multiple candidates, you will receive a separate email for each candidate. Your search criteria will be included in the email.

Email Individual Candidate

You can also email an individual candidate directly. Once you select the envelope icon next to the desired candidate, your email application will launch. Click the envelope icon next to the candidate's name to email the candidate from your own email provider account.

MY ACCOUNT

The My Account page has two tabs to help you manage your organization's profile and change your password. You can also review the Privacy and Terms of Use statement by clicking on "Privacy and Terms of Use".

Manage Profile

The first tab contains information about your organization and your contact information. This information can be updated anytime you wish.
