

# Help them find their perfect fit

Not sure if college is right for your student? Let them know there may be other opportunities more suited to their skills and passions. Careers in healthcare, IT, construction, advanced manufacturing and more can all offer above average salaries and plenty of room for growth. Educate yourself with the facts below so you can help them make a more informed decision about their future.

## **Professional Trades careers offer:**

- Average salaries of over \$50,000
- Less debt than a four-year college program
- Fast track career opportunities – start working in as little as 12-24 months
- Immediate job openings – with over 15,000 annual openings through 2024
- Opportunities in a variety of emerging industries like IT, healthcare, automotive, construction, advanced manufacturing and more
