

# Less school. Less debt. Major opportunity.

College isn't your only option after graduation. With thousands of jobs available in Michigan right now, it's the perfect time to find a career in Professional Trades. From healthcare to IT to construction, there are plenty of opportunities to find a career that fits your skills and passions.

## Professional Trades careers offer:

- Average salaries of over \$50,000
- Less debt than a four-year college program
- Fast track career opportunities – start working in as little as 12-24 months
- Immediate job openings – with over 15,000 annual openings through 2024
- Opportunities in a variety of emerging industries like IT, healthcare, automotive, construction, advanced manufacturing and more
